**D&B** is the world's leading source of business information and insight, enabling companies to Decide with Confidence since 1841. D&B's global commercial database contains more than 200 million business records from over 200 countries and 95 language territories. The database is enhanced by D&B's DUNSRight® Quality Process, which transforms the enormous amount of data collected daily into decision-ready insight.

Bisnode is a partner in the global D&B worldwide network in ten European countries. Founded 1989, Bisnode is a leading provider of digital business information with more than 3,000 employees in 19 European countries. Bisnode helps people to make smart decisions.

**The D&B Rating** turns information into a brief guide of how a business is performing. Derived from the D&B Failure Score, the D&B Rating reflects a company's financial strength and the likelihood of it failing.

**The D&B D-U-N-S® Number** (Data Universal Numbering System) is a nine-digit identification sequence allowing companies to be identified across the world. Companies can be matched up to parent companies, subsidiaries, headquarter locations and branch operations. This code gives data a new level of transparency.

\* Risk Indicator 1 indicates a minimum risk of business failure at the stated date. Scale: 1=lowest risk, 4=highest risk. The D&B rating is a statistical evaluation based on the company data available to D&B.
